Some babies need BCG* and/or extra hepatitis B vaccines. If in doubt discuss this with your midwife/health visitor.

The immunisations your child is offered may change with time. Your health visitor or practice nurse will talk to you and give you written information about immunisations. A range of leaflets about vaccination at different ages are here: <https://www.gov.uk/government/collections/immunisation>.

Information on vaccination is also available at nhs.uk: <http://www.nhs.uk/conditions/vaccinations/>.

***BCG and Rota vaccines should only be given after checking SCID screening result.**

Are you protected against rubella (German measles)? If not, you need to have had two doses of MMR, to protect you and future babies.
