Programme Aim: Enabling access to fully funded high quality diabetes training to upskill healthcare professionals and enhance competence in diabetes care and management across Stockport. A range of training opportunities have been highlighted above. While there may be some slight overlap among the courses delivered, there are differences - individuals can consider which is the best fit for their needs and circumstances. The programme will be delivered in partnership with the Diabetes Specialist Nurse Team and the SIPS Team to ensure that any Stockport related queries and pathways can be incorporated into the sessions.

Target Audience: The face-to-face training sessions are suitable for registered health care professionals working in Stockport General Practices.

Sponsorship: The face-to-face training sessions have been organised and funded by two pharmaceutical companies - Novo Nordisk Ltd have funded the MERIT™ course and Eli Lilly and Company Limited have funded the Identifying and Managing Type 2 Diabetes course. The educational content is non-promotional.

Refreshments Provided: Lunch and drinks will be provided. Please advise when booking if you have any specific dietary requirements.

Cost: The cost of the training has been sponsored by the pharmaceutical companies. It is free to access for all delegates.
